Archie Stouffer Elementary School Kindergarten student Steven Butler nervously waits to receive his diploma. The graduating ceremonies took place Wednesday and Thursday on the front lawn of the school. For a report on kindergarten graduation please see page 15.

6.3 percent tax increase approved in Lutterworth

A reduction in provincial support grants, and increases in areas beyond the control of the local council have resulted in a 6.3% increase in municipal taxes for Lutterworth residents. The council endorsed the budget for 1986 and set the mill rate at their regular meeting June 19.

The township's clerk, Wayne Hughes noted that total provincial grants for the township have dropped from 41% to 38% of the total

budget. Mr. Hughes said that if the municipality wished to maintain the same degree of services to its residents, the local taxpayers would have to make up the reduction in provincial support and the normal increase caused by inflationary factors.

Mr. Hughes noted that the increase was almost half that experienced last year and reflected a smaller increase from the board of education and careful

budgeting by the councillors.

The municipality will be collecting \$179,950 for municipal services, \$73,172 for county purposes, \$159,213 for secondary school purposes and \$249,597 for elementary school purposes. The total taxes levied in 1986 will be \$661,933.

The provincial government will provide \$248,859 in school support based on the township's assessment, and \$237,616 for municipal purposes. Hughes noted that the province will provide 66 cents for every dollar of realty and business tax imposed by the municipality.

Major budget increases have been experienced in welfare payments and in the roads department. The Ministry of Transportation and Communications announced several years ago a reduction in grant support for all municipal roads departments. At that time Lutterworth Township was receiving approximately 65% subsidy from MTC for various road services and projects. That support has been splashed to less than 55% and is expected to level out at 50% before the reductions are complete.

Council closes Lutterworth library

The Lutterworth library branch is closing. Members of the township's municipal council endorsed the action following a lengthy discussion Thursday evening.

The branch, which is located in the basement of the municipal office, is being closed to provide space for an office for the township's bylaw enforcement officer.

The closing of the library raised the ire of at least one member of council, and apparently does not sit well with the chairman of the county library committee Jane Franklin.

Lutterworth councillor Al Stott told the meeting he was concerned about the loss of service to the township residents with the closing of the library. He described the library in Minden as being out of the way and having hours which were inconvenient to Lutterworth residents. He told the meeting that most residents of the area shopped in

Minden in the morning when the Minden library was closed.

Councillor Elizabeth Wright challenged Mr. Stott on that point, claiming he was only speaking for the members of the Lutterworth Estates subdivision, located near the municipal office. She said the township should be ashamed of the space in which the Bylaw Enforcement Officer, Doug Hirstwood, had to work in.

Camp may be lost to tornado

Haliburton County may lose a 21-year-old camp for handicapped children, now that most of its physical assets lay devastated by the June 16 tornado.

Camp Towhee, located halfway between West Guilford and Haliburton village on the north shore of Hurri-

cane Lake, was directly in the path of the fast-moving funnel cloud that hit around 2:30 p.m. and stayed for less than 90 seconds.

None of the buildings was able to escape completely unharmed. Those that were not blown down, were either shifted or covered with

broken trees. The dining hall, the camp's centerpiece, is intact, but dangerously positioned on its concrete block foundation.

A valuable barn also emerged in one piece, though with a large hole at the loft level and the remains of another building piled

against it.

An insurance assessor refused to enter the area.

The camp's maintenance man, Cecil Penney of Carnarvon, was in the middle of the camp with his wife, Yvonne, when the tornado

(more on page 2)

Camp struggles to rebuild

(from page 1)

hit. Miraculously, both came out of the ordeal without a scratch. As the weather turned threatening the couple took shelter in the dining hall. Mr. Penney had been fixing a chair just before that. He recalled their struggle to stay calm in the quaking structure, while fifty feet away the camp's program office was sucked vertically into the air and burst.

Said Mr. Penney, "I just thought I was dead. Things were shivering, shaking, banging ... I saw the program office go straight up in the air. When I looked out afterward, I thought I'd woken up from a dream."

The cruel discoveries did not end there. The woods on either side of the Camp Towhee access road had been laid waste. Mr. Penney believed it resembled a logging road. "Before the storm you could not see twenty feet to either side of the road," he recalled.

The Penneys spent two and a half hours walking and crawling, amid driving rain, the one-mile route to Highway 118. Fallen trees cluttered the road, and it took a small army of Ontario Hydro employees and volunteers to reopen it at 4:30 Wednesday afternoon, 50 hours after the storm.

Power and telephone lines were rebuilt from scratch. Mr. Penney estimated it will take two weeks for experienced chainsaw operators to clear the entire property of fallen trees. A massive jam of logs is awaiting removal in one section of the camp that was formerly occupied by campers' cabins.

At the lakefront, fibre-glass canoes lay shredded and a 40' section of dock is missing.

By late last week, however, the efforts of the camp management to find a new location for Camp Towhee began to counteract the gloom. With 60 campers and 54 staff, the camp is operated by the Integra Foundation of Toronto and is funded by the Ontario government. It specializes in

rehabilitating children with learning disabilities or social interaction problems, by combining classroom lessons with outdoor activities.

In a telephone interview from Toronto, camp director Joanne Jordan said that Camp Towhee "definitely will run" this summer in spite of the setback. According to Ms. Jordan, the foundation is considering three possible locations, two elsewhere in Haliburton and a third near South River in northern Ontario.

The first campers were due at Camp Towhee on July 7 and the first staff on June 28. Although there were no children at Towhee when the storm hit, the larger Camp White Pine, half a kilometer across the lake, was harbouring 300 children and instructors at the time who were participating in a music camp.

Despite their proximity to the tornado, White Pine director Adam Kronick reported only minor damage to the site, including fallen

Three year staff member Patrick Baillie and maintenance man Cecil Penney, compare remnants of the storm they found of the Camp Towhee beach.

trees and utility lines.

A third children's facility, Camp Kakeka on Basshunt Lake in Harburn Township, was only a kilometer away from the tornado's path. There were no campers present at the time.

Camp barn supported itself as well as the remains of a less durable structure that formerly rested on the blocks in the foreground of the picture.

Acid rain report

The acid rain report from Dorset is unavailable this week.

The information is gathered by the Ministry of Environment in Dorset and processed by Environment Canada in Montreal. The Montreal office was closed yesterday to mark the Quebec St. Jean Baptiste holiday.

in the past. "We should be bloody well ashamed to expect people to go to that hole," the councillor said.

It was pointed out that the bylaw enforcement officer had previously used the council chambers for meeting welfare clients, applicants for building permits and other individuals, but this arrangement was often inconvenient for other municipal staff or when a meeting was scheduled to take place.

The council was told that the Lutterworth library had a membership of 212 with approximately 2,000 books being borrowed through that facility in 1985. During the last month 269 books were lent to readers through the library.

Reeve Bill Valentine told

the meeting that library use appears to be on the decline across the county. He also pointed out, "If the current building boom continues, the bylaw enforcement officer is going to need the extra space now occupied by the library."

The Reeve suggested the township might consider using the former Boundary Information Centre as a library. The building is jointly owned by the municipality of Anson, Hindon and Minden. It was operated as a tourist information booth, just north of the county line, for two years. However, both municipalities have agreed to drop the service and the building is currently sitting empty. For Lutterworth Township to open a library in the building, it would have to purchase the Anson, Hindon and Minden interest

in the structure. A tentative approach to the Minden council has been made by Lutterworth.

The township's action in closing the library without consulting the county library committee has apparently displeased the chairman of the committee, Glamorgan Deputy Reeve Jane Franklin. She was apparently very upset to learn the township was pro-

ceeding with the closure.

The council felt there was no need to consult with the county on the matter since the library was located in a municipality owned building and that the space was urgently needed for municipal services.

In the end, the council endorsed the resolution to close the facility with all members voting in favour of the action.

Not just for kids

The arrival of the Minden C.H.A.C.E. facility is a welcome addition to this community. The first location of C.H.A.C.E. (County of Haliburton Agency for Child Enrichment) in Haliburton Village, has proven to be a popular centre for youngsters and their parents.

The opportunity for creative activities and the chance to play with other children in a new and stimulating environment, offers reason enough for youngsters to place C.H.A.C.E. high on their list of priorities.

But, as the organizers have pointed out, it is more than a location for children to play. Parents bringing their youngsters to C.H.A.C.E. have an opportunity to relax and talk with other adults. Those who have raised children are especially aware of that sense of isolation that is often felt by parents with young children. It is a relief to learn, in talking with other parents, that other people face problems similar to your own in raising children. Often ideas offered by other parents provide a solution to the problem.

On a more formal basis, C.H.A.C.E. has, in the past, offered classes on parenting that were particularly valuable. It is expected these programs will continue in the coming months.

For both children and parents, C.H.A.C.E. is a welcome addition to our community scene. Hopefully it will enjoy the popularity and enthusiastic support experienced at the Haliburton Village location.

Speak out

In addition to providing information about the community we serve, an important duty of this newspaper is to comment on issues of the day. We invite our readers to speak out as well on matters they feel need airing.

Letters to the editor attract high readership, offering different points of view on issues of importance and offer the opportunity for a free exchange of ideas, a vital part of a democratic society. This newspaper will always respect the right of citizens to be heard, within limits dictated by legal restrictions and good taste. We ask that writers be willing to allow their names to appear with their letters.

Wheels of yesterday.

Editor:

In last week's Times I read the article written by Kathy Sennett, Family Worker.

I would like to inform this woman that the local Restaurant did phone the ambulance and wasn't able to get an answer and we then phoned the operator who put us through to the ambulance.

I don't think it is fair for people like this to come into our town and criticize our community or our business people and I feel this person should apologize for insinuating that we were unconcerned about the incident. The woman who had the seizure is a regular customer of the restaurant so why would we do that to her?

Cook at the Restaurant,
Mrs. Shirley Stamp,
Minden.

Editor:

"It is not pleasant to witness these excesses, to see doctors mobilized, albeit with great reluctance in many cases, to behave in unaccustomed ways. With every hoarse shout, every waved placard and every

abandoned service, a layer of tarnish is added to the profession. Beneath too many white coats today there beats the heart of a Teamster."

Globe & Mail Editorial,
June 18, 1986.

I hate to see my colleagues in such undignified ways but their frustration is justified because they're terrified of State Medicine as am I.

I have been a salaried employee of the Ontario government three times in the last 25 years. I can't bear the thought of being under government control again.

During the Bill 94 crisis I'm seeing patients as best I can, and giving my earnings to worthy charities in Huntsville, Haliburton and South Muskoka.

Alan S. Davidson,
Bracebridge.

Editor:

Surprise! Surprise! Once again we have the new/now generation showing how they have it over the golden oldsters.

Recently I had occasion to need some air in a slack tire on my car. Much to my chagrin, the regulator is now calibrated in Killed

Pasquales. Most of us senior types would not know the difference between a Killed Pasquale and a dead Moose. I do not believe it would cost any great sum to mount a small card to indicate the equivalents of this system to pounds per square inch with which we are familiar.

W. H. Ingram,
Minden.

Editor:

As the only insurance adjuster residing and working in Haliburton County, the writer has been obviously particularly busy in the after-math of the tornado that went through Haliburton County on June 16th.

As those of us that have been in the area where the tornado actually struck can verify, the damages were most devastating, and because of the nature of the topography, trees have been strewn in a tangled web over everything, making access to many of the areas, initially following the storm, impossible.

Initial attempts to view some of the damaged buildings were obstructed by the

(more on page 5)

outdoors

Ever wonder why society has such a penchant for grass? Those of us with larger lawns get plenty of opportunity to wonder, as we dutifully march back and forth pushing the lawn mower. (Then, we fertilize and water it, it seems, just so that it will grow faster and need more mowing.) Grass seems boring, almost abhorrent, stuff.

Yet, the grass across which we're marching is the product of a fascinating story, millennia in the making - one that involves buffalo, the African Serengeti with all of its wild beasts, volcanoes and continental drift, drought, and wildfire.

And, it all revolves around a quirk - a peculiar plant form.

The growing part of nearly all plants is at the very tip of the main stalk and each side branch. These plants grow like a chimney being built - once tissue is laid down, it may get thicker, but it never moves up. This upright growth form is very successful where there is a good and fairly steady supply of moisture or enough cloudy time to reduce evaporation. Literally tens of thousands of plant species have developed using this plant form, to fill the array of niches created in spruce and mixed forests, meadows, tropical jungles and other habitats. Perhaps 2500 species grow in Ontario alone, each 'community' being determined by the precise conditions of weather, soils, browsing animals and so on.

But in areas where prolonged drought occurs for at least part of the year, the entire set of selective factors changes. Each continent has its own deserts and dry areas - the North American prairies, the African Serengeti, the Eurasian Steppe, and so on.

At North America's west coast, the grinding of two massive continental plates - one underlying the Pacific, the other underlying North America - have produced volcanoes and buckling of the earth's crust. Acting over millions of years, they have thrust up a vast ridge - the 7000 km long, 2 - 6 km high Rockies - over which prevailing eastward-flowing air must cross. As it rises, the moisture-laden Pacific air cools, clouds form, and drop most of their moisture before continuing east. The result is a vast area of not-quite desert, but dry, sun-baked, drought-prone landscape.

Plants with the conventional structure do not endure real drought well. Their growing tips are not only vital to the plant's survival; they're also most susceptible to sun, drying winds and winter's frigid

(more on page 9)

Minden CHACE ready for kids and parents

Amid a colourful flurry of streamers, clowns, and helium balloons Minden CHACE was officially opened to the public at a ribbon cutting ceremony on Saturday. Speaking to a large turnout of children and parents, Anson, Hindon and Minden Reeve Sinc Nesbitt said it was his hope that the new CHACE and other organizations like it would help teach people to get along and in that way prevent future wars.

Enthusiastic applause followed as Mr. Nesbitt then cut a ribbon at the top of a slide, allowing a toddler, a robust fellow of about two, to be the first to get to the bottom. To complete the ritual Warden Davis opened the front door and released a bunch of balloons into the sky.

Described as a family resource centre CHACE will operate as a drop-in house for parents and kids. There are cooking facilities for making light snacks and lunches, plenty of couches and chairs, and toys and books for children. For members (the fee is minimal) there is also a toy lending library. The centre will be open 10 a.m. to 4 p.m. Tuesday to Friday and from 10 a.m. until 2 p.m. on Saturdays.

When it first came into existence two years ago, the CHACE organization (County of Haliburton Agency for Child Enrichment) was just a loose association of concerned parents. But after an injection of government aid and the opening of a second very successful drop-in centre, the group has strong local support and concrete plans for development. Because Haliburton CHACE Place

was so successful, explains CHACE chairperson Jennifer Ketner, they decided to go ahead and open the office in Minden to give families in this area easier access to their facilities.

The organization is intended to help families get away from the home and meet other families. "Very often," says Ketner, "when father goes to work, mother has to stay at home and look after the kids. Now she can take them to CHACE Place where she can relax with other parents and the kids can meet other children. This way people don't feel isolated."

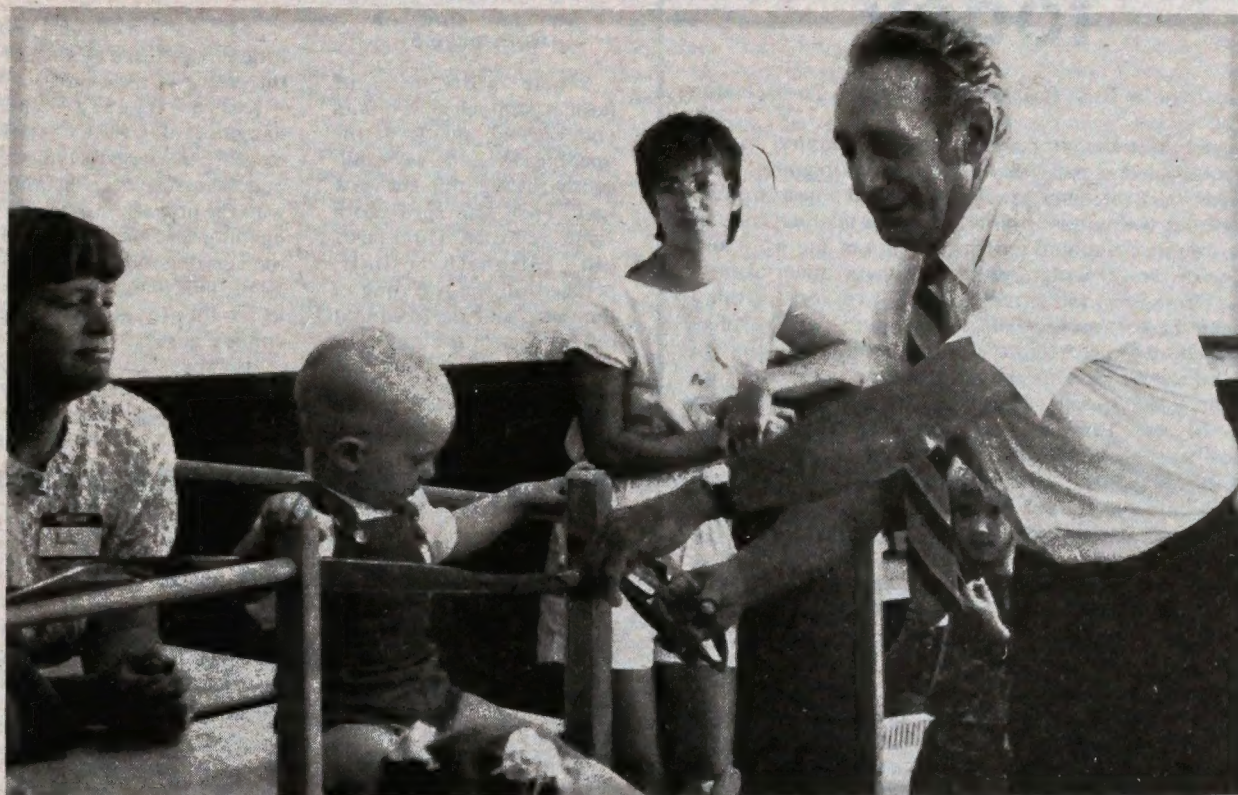

Eric Lilius, a CHACE staff member from Haliburton, sees strong benefits for the children. "By coming here the children learn to play together and develop a whole set of social skills even before they reach kindergarten."

Cheryl Bathe, one of the mothers who attended the opening ceremony on Saturday is very pleased that a Minden centre has been started.

"Minden is closer to us than Haliburton, and with my two small children this is going to make it a lot easier, especially in the winter." And her kids love it too: "they want to come every day of the week and when we do come I can't get them out."

Minden CHACE, says Bathe, will be especially useful because living in the country, neither she nor her children used to have many opportunities to meet other people. But now, she remarks, it's going to be much better.

(from page 4)

entangled mess, however, the problem, and the problems of many cottage owners in getting to their properties was being quickly alleviated. We often take for granted the services provided by Ontario Hydro to us, however, as the writer has travelled to almost all of the areas devastated by this storm in the past few days, in each instance we have come upon an Ontario Hydro crew, with all of the appropriate equipment, clearing

out all the cottage roads in order that they might work on the respective hydro lines. Their crews have cleaned these roads in a most professional manner, without any delay, which has made access to these properties a possibility, where otherwise it may not have been possible for other personnel involved in the clean-up and calculations of the loss, access to some areas.

Ontario Hydro's professional cleaning of the areas may be taken for granted by

some, however, on behalf of myself and many people that I have spoken with we would like to thank Ontario Hydro very sincerely for the supreme efforts that they have put forward, and they are clearly second to none in providing a reliable utility on the best possible basis and are to be sincerely commended.

**To the People of
Minden....**

The 1986 Ontario Ride For Sight is history now. All that remains are the memories. Memories of the hard work and the excitement which led up to June 7th, 1986.

I am proud of the people of Minden and am truly in your debt for your support in this worthwhile endeavour.

Because of you, our
(more on page 7)

A view from the cage

by John Greenwood

It has always been my ambition to write a column, to compose a few paragraphs of worthy thoughts and opinions. But I've held off until now for lack of the right things to say. I mean it's always seemed to me that most columnists - the responsible, thoughtful ones - talk about public issues like budgets and bridges and The Will of the People and, when they get especially excited, about constitutionality.

And, of course, I could thunder away self-righteously. I might argue that it's a good policy to have lots of bridges (suggesting slyly that the present crop of politicians haven't built enough of them) or, I could even say that there are too many lakes in the county and it's high time we filled some of them in.

But to write these things in a column would be false, because, as every journalist worth his salt knows, it isn't ethical to pronounce on issues you don't feel strongly about. Maybe there is a preponderance of lakes in Haliburton but - and here I reveal my apathy - I don't care. Pooh I say to the problem of too many water bodies. And pooh to the rest of the subjects respectable columnists like to discuss.

Now I'm going to be bold. After peering long and deep into my head, I have come up with some subjects I feel strongly about and which are therefore - one might claim - suitable meat for a columnist.

The first thing I want to talk about is this: I like to drive my car. Yes, that's what I like to do. Also, I believe it's a very fine automobile (I call it my Shark) and though it has been involved in a number of collisions, I disagree

strongly with people who suggest it is an ugly menace and should be towed to the wreckers.

Driving down the highway, I feel confident and superior to the rest of humanity. True, there is an unsightly gash on the passenger side and if you look closely you can even see the odd rust spot, but the general feeling among the people I pass on the road, is one of respect. This is why I adore my car.

The second subject on which I have opinions I'd like to raise in this column, is beer. Yes, I like to drink it and the colour of the label doesn't really matter.

Not having anything else immediately in mind to say about beer, I scratch my head to come up with other things to talk about...

...Let's see. What about flying saucers? Reading some back issues of The Times the other day, I came across a number of articles on UFO sightings in the county. On nine out of ten occasions, when the alien spaceships were spotted in the Highlands, they just disappeared as suddenly as they had shown up. No explanations offered. No introductions. Just a quick landing in some poor farmer's field, a chicken or unwary farm hand kidnapped, and poof, they're gone.

Here is what I want to say about flying saucers. County council should get their hands on a few good-sized anti-aircraft guns, so next time the UFO's show up, we'll be ready to deal with them. No more shall strange green men fly off with our poultry and violate our air space unhindered.

And, what's more, once we down a few, we'll be able

to solve the UFO mystery once and for all. Sure, there'll be a few weather balloons and small aircraft lost in the process, but it's a small price to pay.

So far, I've explained about my car, beer and flying saucers and my column is growing to a respectable length. Please note also that in dealing with these pertinent issues, I face them squarely and without dilly-dallying. I go straight for their roots. This way, you get the truth.

It's time now to talk about my fourth and favourite subject, politics.

Nearly always a complicated and confusing issue, politics is a topic that many people steer clear of. But it needn't be this way. Part of the problem is that there are just too many people doing it, too many politicians making speeches, changing laws, getting elected, and generally mucking about. Cut the number of politicians by half, and no one would notice.

But cut it by three quarters and you'd suddenly find newspapers a lot thinner, newscasts shorter, and politics in general, easier to understand.

Another way to solve the problem would be to make it illegal for anyone in public office to write or say anything beyond a strict quota - say, two sentences per politician per day. Anyone convicted of verbosity could be sentenced to death.

So there you have me. If a man is the sum total of the thoughts in his head - and I think I've given you most of them - your columnist is here on the page in front of you, in these few but punchy and hard-hitting lines on important journalistic issues.

Education today

submitted by H.D. Robinson, Curriculum Co-ordinator

In my travels throughout the community, I often have people ask me, "How is your new job going?" and "What is it that you are doing?" In response to these questions, I would like to outline in this my final column for the current school year, the nature of my work and some of the curriculum projects we have undertaken.

Perhaps, at the outset, I should explain something about the organization of curriculum in our province. Our school district receives documents from the Ministry of Education in Toronto which tell us what we must teach. These are called Ministry Curriculum Guidelines.

In the Primary and Junior Divisions, these documents are very philosophical in nature and require a good deal of interpretation at the local level. The main documents which form the basis of Primary and Junior Division education (Kindergarten to Grade 6) are called The Formative Years and Education in the Primary Junior Divisions. In the Intermediate and Senior Divisions, Grades 7 to 13, there are Ministry Guidelines for every subject and they are much more prescriptive with regard to the subject content and skills which must be taught.

However, the documents arriving from the Ministry are not detailed enough for teachers to use directly in the classroom. We must take the Ministry documents and develop our own courses of study at the local level which are then, in turn, used by the teachers to develop their lesson plans for use in the classroom.

The process, in summary, is Ministry Curriculum Guidelines (Provincial) - Courses of Study (local level) Lesson Plans (teachers). A good deal of my work is devoted to the middle step of this process, that is, developing and updating courses of study for the County. In the development work, I am assisted by committees of teachers who offer expert advice on course content and skill development.

Each year, priorities are set and addressed. This year, the following curriculum projects have been completed.

1. Courses of study for Mathematics and Language Arts, Kindergarten to Grade 3 have been developed and will be implemented September, 1986.

2. New courses of study have been developed in Mathematics from Grades 7 - 10 for implementation September, 1986.

3. A new Guidance curriculum will be introduced in Grades 7 and 8 in September. Formal guidance has not been offered at this level before. The guidance programme Grades 9 - 12 has also been rewritten.

4. A new French curriculum has been developed for Grades 4 - 8 since our French programme is expanding to 40 minutes per day from 20 minutes per day. Grades 4 - 8. This expansion will meet the Ministry requirement that students have 600 hours of French by the end of Grade 8.

5. Writing folders were introduced into the Language Arts programme grades 4 - 6 this year and these folders will be introduced in grades 7 - 10 next year.

6. A calculator unit of study has been developed for Grades 7 - 8 mathematics through which students will be taught calculator applications.

7. A major review of Technical education at Haliburton Highlands Secondary School was conducted. A report has been written containing several important recommendations. These recommendations will be presented to the Board in the fall.

8. Computer use in the elementary schools was reviewed and certain recommendations regarding programme and purchasing are being formulated.

I must say that I have found the first year of the job interesting and rewarding. I trust that as a result of our efforts, the students of Haliburton County will be better served. If any parent(s) would like to see any of the new curricula or discuss aspects of them with me, please contact me at 457-1980.

Snip and slide at CHACE Place

(from page 5)

While mothers and fathers munched cookies and chatted quietly at the opening, the kids were diligently trying out the new toys. They also spoke to a Times reporter. Three year-old Elizabeth Elliott, perched on the top rung of the slide, said she liked that toy the best. "I'm going to be coming here lots," she announced. Asked if she'd made any new friends the

little girl gestured at most of the crowd in the room.

Katya Hynard, the daughter of CHACE staff member Rozanne Hynard, and who has been helping with the preparations for the opening said she also found the centre good fun. "I told all the kids in my class about it so they're going to be coming here."

It appears then that Minden CHACE Place is off to a good start.

Hustlers defeat Janetville 5-0

The Rockeliff Hustlers travelled to Janetville on Sunday and defeated the home squad 5-0.

Jack Snell was on the mound for the Hustlers and gave up only five hits for his fourth win of the year. Colin and Greg Newell slammed home runs for Minden. Rick Hartwick added three singles and Snell had two for the locals.

The Hustlers have added the Shaw boys (Barry and Brian) to the squad and this should add some power along with more pitching in a run for first place in the Tri-County league.

This Thursday night the Hustlers will host Lindsay Town Rental at the Minden Ballpark at 8:00 p.m.

Disguised as clowns, Katie Phillips and Matthew Hynard celebrate the official opening of Minden CHACE on Saturday.

THE HARVEST Dining Lounge

wants everyone to have a good time this summer - we invite you to take part in our weeks activities in the upper level (The Lighter Side) 9 p.m. - Midnight.

Tornado destroys 1,450 acres

There may be a glut of firewood for sale in the Highlands this summer.

According to a Ministry of Natural Resources spokesman, the area of forest damaged by the storm totals about 590 hectares or 1450 acres.

Brian Cross, the ministry's Forest Management Supervisor in Minden, noted that the estimate is preliminary and hence very approximate. Detailed information will have to wait until an aerial survey with an infrared camera is

made by the ministry.

After inspecting the damaged area by helicopter last Wednesday, Mr. Cross was able to conclude that most of the affected trees are on private land and are of varying quality.

The tornado path extends in a roughly straight line from Little Paul Lake in Hindon Township to the intersection of the Kennaway Road and County Road 10 in Harcourt Township.

Maps and aerial photos reveal the 58 kilometer-long path crossing terrain that ranges from swamp to high

quality pine growths, as well as ten Woodlands Improvement Act Agreement lots. Under the Act, the ministry provides tree planting, releasing and herbicide services to private land owners.

In this case, the ministry will likely advise the owners to salvage and sell the broken logs, according to Dave Leader, the Private Land Forestry Technician in Minden. In its fallen state, the wood will last sixteen months at most.

Grants fund museum staff

Funding assistance to employ four students has been approved by the provincial government to assist two projects in Haliburton.

The Honourable John Eakins, MPP for Victoria-Haliburton and Minister of Tourism and Recreation, made the announcement on behalf of the Honourable Lily Munro, Minister of Citizenship and Culture.

The Haliburton Highlands Museum will receive assistance up to a maximum of \$4,930 to employ three students who will act as

interpreters and demonstrators at the newly opened Pioneer Farmstead at the Museum. "I am delighted to make this announcement on behalf of my colleague following the official opening of the Farmstead last week," Eakins said.

The MPP added that the Ministry of Citizenship and Culture had been of considerable assistance to the Museum and the employment of three students for the summer represents one more way the Ministry is helping to preserve the heritage of the

area.

A grant to the Township of Glamorgan will also assist in the preservation of the local history through the employment of one student for the summer. Eakins said up to \$920 is being made available to the Township to employ a student to gather and document the history of the Township. "This is another example of the spirit of co-operation that exists between the Ministry of Tourism and Recreation and the Ministry of Citizenship and Culture," Eakins noted.

letters letters

(from page 5)

participation was in excess of 2000 people who raised over \$175,000, which we hope will go a long way in funding the necessary research into finding a cure for Retinitis Pigmentosa.

Many individuals deserve a lot of credit for their efforts in making the 1986 Ride For Sight the success it was. At the top of the list is Jack Brezina, publisher and editor of The Times. His relentless support and endless enthusiasm for the community as well as the Ride will never be forgotten. To Mr. Bern Berry and the Minden Town Council, I give a special thanks, for without your support the Ride would have never had a home. The Haliburton Highlands Chamber of

Commerce deserves a medal for accommodating the 1000 plus visitors who swamped Shirley and Lorna with phone calls since last December, looking for places to stay.

To all the service clubs, church groups and others involved this year, I offer my sincerest appreciation for you have not only helped us, but in so doing have benefited your community with your efforts.

Minden is a community to be proud of - and you have made it that way!!

As Chairman of the 1986 Ride For Sight and on behalf of all the motorcyclists who participated, I extend a sincere thank you for your support.

Art Rea,
Toronto.

blasts. The first part of the plant to die is also the most critical.

It's also the part which gets burned first. And eaten first.

Wild prairies, by their very nature, are highly susceptible to wildfire, and burn on average every 1 to 4 years. Started by lightning, fires race for miles across the natural terrain, burning off the dry plant parts above the soil. And, as soon as vegetation resprouts, its promptly munched off by bison, (wildebeast in Africa) and a host of other browsers.

Enter grass. Through some quirk, grass produced a growing centre wedged between the root and the leaf blade. Scientists call it an interstitial meristem. It acts like a fingernail bed or hair follicle, constantly adding new (live) tissue to the bottom of the grass blade, and shoving the whole leaf upward as quickly as growth allows.

It would have been a genetic dead end, shaded out

and lost forever, except for prairie conditions. In the prairie's peculiarities, this quirk offered exactly what was needed.

During drought, the plant simply shuts down its growth. The extremities, and even the entire leaves can die off, while the critical tissue is safely cradled in the root crown. Fire can race by, harmlessly burning off the dead plant parts, and releasing their nutrients to act as fertilizer. Bison or other browsers can munch as voraciously as they please; the dirt acts as foul-tasting insurance that the meristem won't be eaten.

More than that, grass developed a specialized reproduction that didn't rely completely upon

flowers and seeds - both extremely difficult in drought. They did continue to set seed when conditions were right - allowing widespread dispersal. But they also grew rhizomes - runners stretching just beneath the soil's surface, producing new plants every few cm. to blanket the soil with a thick carpet. Like a shag rug, grass could cover the soil, insulating it from moisture-

stripping wind and sun.

Ironically, these are exactly the qualities which make grass the ideal plant for people-places. Hard-wearing, grass endures drought, soaking, constant mowing and all manner of abuses, while producing a sward thick enough to choke out most weeds.

All in all, it's a remarkable plant, well worth another thought.

Archie Stouffer 1986 graduates

Proud parents, teachers, relatives and friends filled the auditorium at Archie Stouffer Elementary School as the grade eight students received their graduation certificates Thursday evening.

Some 63 students received the certificates marking the first major turning point in their educational career.

In addition to the presentation of graduation certificates, students who had achieved outstanding honours were rewarded during the ceremony. Special awards were presented for attendance, public speaking, academic awards in a variety of subjects.

Among these was the naming of the graduating class's honour students, those achieving an overall average of 80% or better. These students included Alan Flemming, Rob Flemming, Jason Adam, Sara Mowat, Lisa Valentine, Christopher Holliday-Rhodes, Lee Raback, Janna Obee, Hunter Obee, Karen Cooper and Angela Tousaw.

The Tim Harrison Memorial Music Award was presented to Justin Gentle.

The Alan Walker Memorial award was shared by Dean and Jeff Sisson. The award is presented to the student or students who contributed unselfishly to school life, assisting teachers and fellow students.

The Ontario Public School Teachers' Federation award, presented to best all-round student, was given to Karen Cooper.

The students of the Grade 8A graduating class, with their teacher, Mrs. Penny Obee, include, Jason Adam, Tara Alritz, Matthew Austen, Lisa Carr, Blaine Cooper, Karen Cooper, Tammy Cox, Dale English, Justin Gentle, Denice Graham, Greg Hamilton, Tanya Little, Rebecca McAdam, Craig McKnight, Greg Miller, Sarah

Mills, Janna Obee, Stephen Schrader, Jeffrey Sisson, Craig Smith, Dean Solway, Shawn Steele, Kent Taylor, Stephanie Toye, Michelle Walker, Robert Wilbee, Alan Flemming, Ann-Marie Shapton, Angela Tousaw and John Groves.

Members of the Grade 8B graduating class seen with their teacher, Mr. Ted Reid, include, Joey Boyle, Abby Burk, Greg Cairns, Sonya Cooper, Darnell Francis, Jay Garbutt, Chris Holliday-Rhodes, Mike Hughes, Kim Johnson, David Lacey, Larry Little, Valerie Loucks, Donna Luke, David Maybee, Stuart Mills, Sara Mowat,

Hunter Obee, Lee Raback, Liza Rendall, Mike Rowden, George Simmons, Carrie Simms, Laurie Smith, B.J. Thornback, Lisa Valentine, Tara Warnes, Celina Yeo, Robert Flemming, Cheryl Smith, Dean Sisson and Steven Stephens.

GRADS '86

Archie Stouffer Elementary School honours its top students

Two youngsters, Jeff and Dean Sisson shared the Alan Walker Memorial award.

Grade 8 Honour Students: from the left, front row, Alan Flemming, Rob Flemming, Jason Adam, Sara Mowat, Lisa Valentine and Christopher Holliday-Rhodes. Back row, Lee Raback, Janna Obee, Hunter Obee, Karen Cooper and Angela Tousaw.

Winners of athletic achievement awards are, from the left, front row, Janna Obee, Lisa Carr, Abby Burk and Lisa Valentine. Back row, Kent Taylor, Greg Cairns, Craig Smith, Hunter Obee and Karen Cooper.

Top music student Justin Gentle receives the Tim Harrison Memorial Music Award from principal Mackay Brydon.

from the chamber

by Shawn Hagerman

This column is about our Chamber Board, what we do and the responsibilities of the directors who serve upon it.

The board is comprised of people from our membership who volunteer their time to serve on the Chamber. They are elected once a year at our annual meeting. Their term to serve on the board is one that should not be taken lightly. It is a serious responsibility and requires a long commitment of your time and energy to serve the common good of all members.

At the regular meeting of the board, following the Chamber's annual meeting, the election of officers occurs. It's at this meeting that the committee structure for the upcoming year is decided.

The constitution calls that five serve on the management committee. This year it is comprised of myself as president, Al Mayo manager of the Toronto Dominion Bank as vice-president, Bill Burden owner of the West Guilford Store, Gary Thurston Chartered Accountant, and John Mateer, owner of Hart Lodge. Gary Thurston also serves as our finance chairman. This committee sets the agenda for the upcoming monthly board meeting, deals on day to day administrative matters, and is the body that the Office Manager is directly accountable to.

The marketing committee is comprised of Ken Langdon owner of Blacks Home Hardware and Dante Larcade manager of the Domain of Killien. The marketing committee is responsible for the successful completion of our

ongoing marketing projects and identifying new areas of promotion.

The fund raising committee is comprised of Allan Bagg from Eagle Lake Store and Pat Kennedy from Kennedy's Surplus. This important committee has a mandate to raise the funds necessary this year to eliminate a projected deficit.

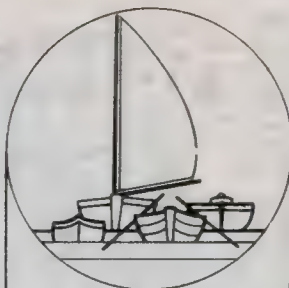

The building and special events committee is comprised of Marj Kennedy from Silver Eagle Resort and Albert Foster from the Wagon Wheel Resort. This committee attends to necessary repairs or things that need to be done at the Chamber office, and most importantly they help and organize those special events such as the Sportsmen's Show.

The government affairs committee is comprised of John Mateer. We also set up a committee this year to be of assistance to the Kanawa Museum, and Dante Larcade is serving on that position.

Our membership on the Board is rounded off by our representatives from the county, Murray Fearrey and Dalton MacDonald, and our ex-officio member from the Wilberforce area Don Feveau.

For a board to work effectively together it requires the cooperation of all our directors. Their help and insight in serving on these various committees adds to our success as a Chamber throughout the year.

If you would be interested in serving on our board during the upcoming year, please think about it over the summer and let Shirley or myself know before our annual meeting in October.

The Canadian Red Cross Society

Bravery award

-by Bill Scott, MP -

On Friday, June 13, I had the pleasure of attending a ceremony at Government House. This was an investiture for recipients of Canadian Bravery Decorations.

At this ceremony, Toronto Police Constable K. Wayne Boyd of Keswick, Ontario was presented with the Medal of Bravery. I was very proud to attend this ceremony recognizing the courageous efforts of one of my constituents, efforts

which were above and beyond the call of duty. Constable Boyd and three of his colleagues, Constables Michael John Trimble, Kenneth Thompson and Christopher Buck, performed a daring rescue from a raging apartment fire.

I want to take this opportunity to express publicly, as I did to Constable Boyd and his good wife at the ceremony, my thanks for his efforts and my congratula-

tions on receiving this well-deserved Medal of Bravery.

On a sadder note, I have spent some time surveying the terrible destruction caused by the storm on June 16 and helping with the clean-up. A great deal of damage was done. Municipal and all other levels of government have acted quickly and joined in a concerted effort in assessing the extent of the damages. We must all be thankful that no one was fatally injured.

I am sure that with the cooperation of all involved, especially the friends and neighbours of the victims, this will soon become but a bitter memory of the spring of 1986.

Rev. Westhaver retires after 40 years

After serving as minister at Minden United Church for almost four years, Reverend Clyde Westhaver formally retired from his final posting at a farewell party in the church hall, given by grateful friends and members of the congregation on Sunday. The two hundred guests offered their good wishes and heartily applauded as songs were sung and speeches made in the Minister's honour.

Speaking to a Times reporter, Reverend Westhaver explained that of all the congregations he's had, it will sadden him particularly to leave his churches at Minden, Carnarvon and Maple Lake when he moves next week to his new home in London. "The people of Haliburton have all been friendly and supportive and I've very much enjoyed being here."

He described his congregation in the county as "very active and lively. One of the interesting things is that the summer congregation doubles in size and you get a much wider variety of people than most churches have. I counted ten ministers from Toronto in my church one Sunday."

"I was scared stiff of preaching to such a congregation at first, but I got over that. Now that I'm retiring this is one of the things about the Highlands I'll miss most."

There have been some big changes in the Church since Reverend Westhaver began his ministry 40 years ago. "It used to be that the minister was treated as a dignitary and kept on a sort of pedestal in his community, but it's different now. It would have been unthinkable

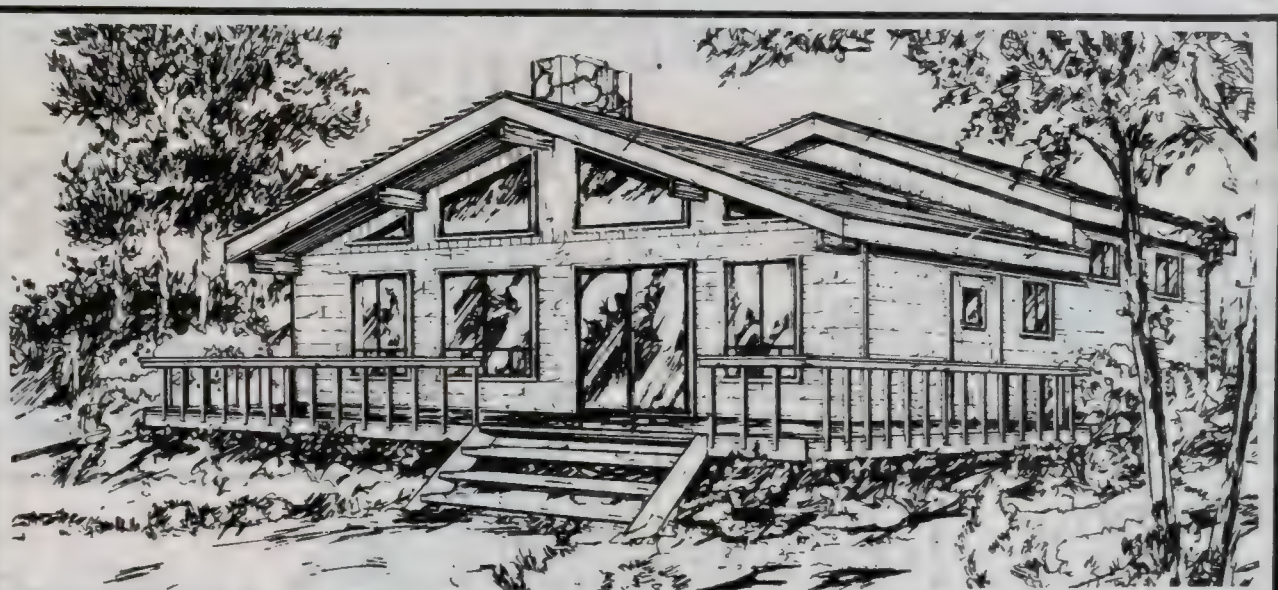

when I first began to address a minister as anything but Mr. or Reverend, and one of the good changes that's taken place over the years is that people treat me more familiarly. I like it when people call me Clyde - I don't much care for the name - but it's nice when they use my first name."

"There are many different theological viewpoints in this part of the country and it's something of a Bible belt. The United Church is generally quite liberal and I myself am 'middle of the road' in my beliefs."

Asked which of his duties here gave him particular satisfaction, Reverend Westhaver singles out the services he conducted at the Hyland Crest Senior Citizen's Home. "The different churches in the area would take turns there, and I'm very proud to have taken some of those myself."

The Minden ministry has also had its share of excitement. "One day a couple of years ago I remember being in the middle of a service when the telephone rang. A lady from the choir quietly got up to answer it and she was only gone a second before she came rushing back to the pulpit - I was in the middle of a prayer - to tell me someone had planted a bomb in the church. It was a hoax of course but everyone quickly filed out and the police searched the building. The caller was never found and many people were upset by the episode, but looking back on it, says the minister, he doesn't take it very seriously anymore. "I wish I had answered the phone and just told the hoaxter to come and sit on his bomb."

Cal Wilson was spokesman for Minden United Church congregation Sunday evening during a special celebration marking the retirement of Rev. Clyde Westhaver. Close to two hundred friends and members of the congregation attended the potluck supper and wished a happy retirement to the departing minister. He will be leaving Minden shortly to live in London, Ontario.

Kindergarten graduation

Thursday and Friday will be remembered by the two Archie Stouffer kindergarten classes as very important days. That was when they graduated from toddlerhood to grade one.

Dressed in their best clothes and hatted in official black graduation mortar boards, they sat up straight at the outdoor ceremony in front of an audience of

proud parents.

Principal Mackay Brydon read a poem about the school year in praise of the young students. Then he called each student to the front and gave out, one by one, their diplomas certifying they were ready to pass into the next grade.

But as soon as the graduation was over children clambered down from their

Mrs. Kathy Rogers and her kindergarten graduates.

Mrs. Diane Dawson and principal Mackay Brydon with teaching assistants Lynn Raback and Chris Archer and their kindergarten graduates.

bench and rushed to their families who were waiting with their cameras. And soon the lawn in front of Archie Stouffer Elementary School was transformed into a happy confusion of camera clicking parents and ecstatic children trying to decide how best to wear a diploma and a mortar board.

Members of Mrs. Diane Dawson graduating class included: Corey Casey, Christina Cox, Philip Daniels, Clay Davis, Shawn Heller, Brandi Hewson, Jake Hirstwood, Andrea Hughes, Christopher Kerr, Christopher Little, Breanne Mansfield, Alison Marsh, Jamie Read, Jack Rennie,

Moogy Senitt, Adam Simmons, Gregory Simmons, Megan Sisson, Tara Sisson, Johnathan Watson-George, Catherine Larson, Eva Milewski, Michael Dennison, Matthew Hirstwood, and Steven Butler.

Members of Mrs. Cathy Rogers' graduating class included: Ryan Anderson, Danielle Berube, Meghan Cox, Stephen Ecclestone, Brianna Elder, Tonya Gartshore, Benjamin Hirstwood, Jason Horsley, Nathan Johnson, Wayne Kernohan, Cory Magee, Amanda Payne, Jeffrey Preston, Brett Redner, Lisa Reinwald, Kristen Spencer, Rod Upton, Ashley Walker, Shannon Voicey and Cameron Leonard.

Dysart receives \$130,000 ONIP works grant

The Township of Dysart et al will receive \$130,000 under the Ontario Neighbourhood Improvement Program, Minister of Tourism and Recreation John Eakins, MPP Victoria-Haliburton, announced today.

Speaking on behalf of the Minister of Municipal Affairs, Bernard Grandmaitre, Mr. Eakins said the Township is among 96 municipalities which will benefit from \$19 million in funding announced today for community renewal activities under the provincial PRIDE initiative (Programs for Renewal, Improvement and Development).

The municipality applied for its grant a number of years ago, according to the clerk treasurer Wayne Wood. He said that while specific projects have yet to be identified, the municipal council had discussed a number of options for using the money. Included in the list were property improvements along York Street, creating more downtown parking, improvements to the arena, and general improvements to public facilities throughout the village.

The PRIDE initiative includes the Ontario Neighbourhood Improvement Program, the Commercial Area Improvement Program, and the Business Improvement Area concept. The Ontario Neighbour-

hood Improvement Program helps municipalities revitalize older residential neighbourhoods occupied by low and moderate-income households. Under the program, the province and the municipality each pay half of the cost of the improvement project.

The Commercial Area Improvement Program helps Ontario municipalities upgrade older commercial areas. Under the program, the province provides up to \$500,000 to improve municipal services, parking and the general streetscape, or for the acquisition of land for redevelopment purposes.

The provincial contribution covers up to 50 per cent of the cost of the project, while the municipality contributes the rest. Funding under the program is in the form of grants and loans, with the grant portion not exceeding one-third of the provincial commitment.

The Business Improvement Area concept helps local business and retail communities take the lead in upgrading and promoting their commercial and shopping districts.

Business Improvement Areas are formed by the local business community, with approval of the local municipal council. Activities of the BIA are directed by a board of management and funded by a special tax levy applied to all businesses within the area.

New deer season dates

The success of the selective harvest program introduced in 1980 has allowed the Ministry of Natural Resources to extend the 1986 deer hunting season in several areas in Ontario.

"The positive impact of our selective deer harvest program, coupled with relatively mild winters in recent years, has allowed Ontario's deer population to double within the last six years to an estimated herd of 200,000.00 said Natural Resources Minister Vincent Kerrio.

"The extended hunting

season will allow more recreational opportunities for hunters in the coming season, as well as reducing problems caused by deer - such as crop damage and deer-car collisions."

The following Wildlife Management Units (WMUs) in the Algonquin region will have new archery seasons: 48, 57, 58, 59 and 60A.

Anyone wishing to hunt antlerless deer in 1986 must purchase a deer licence - available in early June - and then correctly complete and return the attached antlerless deer tag application to

local Ministry district offices or to the address on the application by no later than 5 p.m., July 31.

Those who wish to hunt in controlled deer hunt areas should contact the district office in the area of interest for information and application forms. Applications must be sent to the MNR district office which corresponds to your first WMU choice. Cut-off date is 5 p.m., August 29.

The 1986 Hunting Regulations Summary brochure, which outlines hunting seasons for all areas of the

province, is available through any Natural Resources district office, or from the Public Information Centre, Room 1640, Whitney Block, 99 Wellesley Street West, Toronto, Ontario M7A 1W3, or by calling (416) 965-4251.

EnerMark

The Electricity People

Heat where you need it... Electrically

Is your family room giving you the shivers? Electric room heaters are the perfect answer for any hard-to-heat areas around your home. Choose from a wide range of electric room heaters for one that best suits your needs. Neat, compact units can be inserted into a wall or floor, or under cupboards. They can also be mounted on a wall, or along the baseboard. With a separate thermostat you select the exact temperature for comfort when and where you want it. Installation is fast and easy. No need to add or change any ductwork. Discover the range of electric room heaters and warm up those hard-to-heat areas.

Golf tournament will help equipment fund

The annual M.R. Airlines Golf Tournament returns to the Beaverbrook Golf Club in July with a number of innovations.

This year, in addition to providing an enjoyable competition for local duffers, the tournament hopes to help raise money for the Anson, Hindon and Minden Fire Department equipment fund.

According to tournament organizer Al Day, this year's two day tournament will include a hole sponsorship

program. Local businesses will be invited to sponsor one of the nine holes for the event. All of the \$50 sponsorship fee will be donated

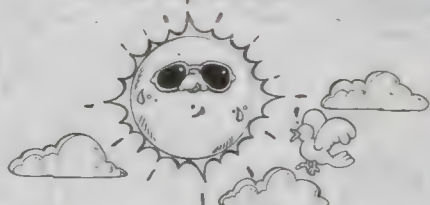

to the local firemen equipment fund.

Those taking part in the event will pay a \$25 registration fee which includes two days of golf, a get-acquainted party and the awards presentation. The tournament will take place July 16 and 17.

For more information on the event contact Dave Stevens at the Beaverbrook Golf Club.

Kickers win

submitted
The Dixie Lee soccer team is well into their fourth season of play in the Muskoka District Soccer Association. They won their first home game 4-2 against Orillia City playing in Haliburton last Sunday. Their record is two wins and one tie against three losses. The team has scored 8 goals overall while giving up 9.

Last Sunday Paul Milne scored first for the Haliburton team. He received a long pass on the left wing from Chris, Carl and beat a fullback and the goalie with a shot from about 16 yards out Mike Hatkoski scored when the Orillia goalie lost control of a shot from close in. The ball was lying behind the goalie near the line when Hatkoski put it in.

In the second half Orillia City, with the wind behind them, began strongly. They tied the score within twenty minutes. Haliburton, however, had four substitutes and a number of young players. They carried the play to Orillia and had a number of chances before Hans Walter scored. Dixie Lee forward spread out the defence and Hans Walter scored on a long shot to the left corner. Mike Hatkoski scored his

second goal and the last goal of the game after a flurry of activity around the Orillia net.

The team will practise in Haliburton on Sunday, probably at 11:00 a.m. so that everyone can get home to see the last game of the World Cup of Soccer at 2:00 p.m.

Dixie Lee is also preparing for the Oldtimers Tournament in Haliburton on Saturday and Sunday, July 12 and 13. Brian Holden of Haliburton and the Scarborough West Rouge Blues have organized the visit of a team of oldtimers Denmark. The competing times will be Haliburton Oldtimers, Muskoka and Dixie Lee Juniors in addition to the Danes and West Rouge.

by Jim Milne

HYDROSTATIC DIESEL LAWN & GARDEN TRACTOR.

The top of Kubota's line of diesel lawn and garden tractors is the G5200 with its 3 cylinder 14 hp engine that runs smooth and quiet. Its hydrostatic transmission provides ease of operation with one foot pedal control for forward and reverse, as well as speed. Maneuvering around trees and bushes is no problem. The mower is operated off the front drive shaft, not by a belt system. This eliminates the mower belt related problems of many lawn and garden tractors. Other implements and attachments will put this machine to work all year tilling, snow clearing, and towing. Take a look at the Kubota G5200 HST and find out why Kubota owners say, "My Kubota. There's nothing like it on earth."

CANADA DAY

Drivers now able to claim road kills

Changes in wildlife regulations will allow people to keep game killed in automobile accidents or by other incidental causes, by reporting and registering the animal with the Ministry of Natural Resources.

"These changes, effective July 1, 1986, will provide a convenient way to handle the road kill situation across the province," said Natural Resources Minister Vincent Kerrio.

These new regulations will require a person who acquires an animal for his own use to report the accidental death of black bears, deer or moose immediately to the MNR district office nearest to where the animal was killed. Other animals or birds such as caribou, elk, eagles, falcons, hawks, owls, vultures, or fur-bearing animals must be reported within two working days.

In addition to reporting the death of an eagle, falcon, hawk, owl or vulture, the carcass must be taken to any local MNR office for inspection and registration within five days of the death. A certificate will be issued, and, in the case of a fur-bearing animal, a licence to

possess the animal.

This new system of registering and reporting accidental deaths and receiving certificates confirming that the animal was properly reported or registered will also provide taxidermists with easy proof

that animals in his/her service are lawfully owned by his/her clients.

"By implementing these regulations we can better record accidentally killed wildlife and help to control the unlawful possession of game," said Mr. Kerrio.

Man charged with theft after tornado

A man from Pembroke, Ontario has been charged with theft over \$1,000 after he tried unsuccessfully to cart away the possessions of tornado-stricken residents in the Carnarvon area.

Brian Crigger, 29, attracted suspicion last Wednesday as he drove a large rented truck back and forth along the Sherwood Forest access road on Lake Boshkung. He was arrested when the Ontario Provincial Police searched the truck

and found furniture, boat equipment and fishing gear belonging to the local residents.

Many of the items had been strewn about by the severe storm. Mr. Crigger is to appear in Minden provincial court on July 30.

Liquor store robbed

Provincial Police are on the lookout for a man who held up the Liquor Store in Gooderham last Thursday.

The suspect, described as

white, in his early twenties, wearing a blue t-shirt and dark blue rugger pants, demanded money from the store manager at 4:50 p.m. He was armed with a snub nose revolver and wore a stocking over his head.

The manager put the money from the cash register into a bag, then the

suspect took it and ran out the door. He appeared to have no vehicle nor any accomplice.

Boat and trailer adrift

There was also an accident in Norland over the weekend. Edward Mymryk of Oakville was driving north on Highway 35 at 30

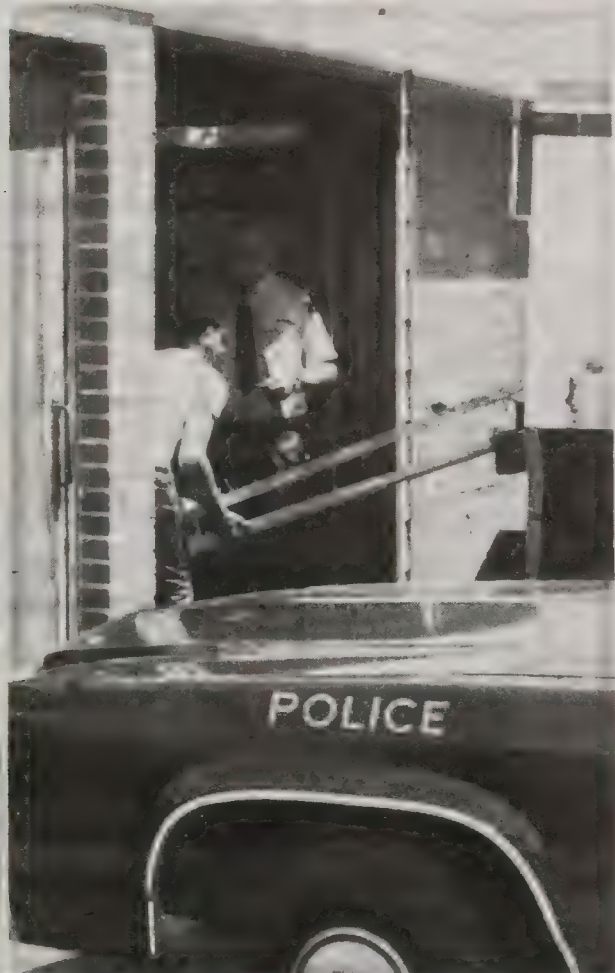

kilometres per hour when the boat and trailer he was towing came adrift, crossed the south-bound lane, and struck two pillars and a stone wall at the entrance to the Riverside Inn. No injuries were reported.

Police estimate damage to the restaurant's stone fence at around \$3,000.

Branch 129

by Gerald Irish

Last Saturday, Legionnaires from Branch 129 attended the Diamond Jubilee Parade in Lindsay. Dozens of floats, antique cars and hundreds of Legionnaires took part evoking memories of two world wars and clearly depicting the parade theme "Pride in Our Past - Faith in Our Future."

When we got back to Branch 129, we were very pleased to greet a bus load of Legion members visiting from the Cardiff area. These visitors toured the branch, had a lunch, expressed their gratitude for the hospitality and continued on their way

to visit two more branches. All of us enjoyed their brief stay with us.

Congratulations to Frank Barnum, this week's 50 - 50 draw winner. Frank won \$44.75.

On July 1, there will be a bus going to the Bobcaygeon Legion. While there, Branch 129 members will take part in a parade and the official opening of the addition to their building and view the renovations made there. If you would like to attend these activities and festivities, sign up (in the Club Room). There will be no charge for the bus ride.

July 19 is a date to book now. President Joan Irish will be hosting a President's Ball and has invited all Zone Legion Presidents, some Zone, District and Provincial Officers to attend. A six piece orchestra has been hired. This group can play anything from Glen Miller to Chicago.

As a special added attraction, a hilarious comedy duo has been booked. This pair will keep you in stitches.

This will be a jacket and tie affair. Tickets are on sale now at \$12.00 per couple. A buffet lunch will be served toward the end of the evening.

The June bulletins and the Bluegrass brochures are ready for mailing, thanks to many willing, helping hands - especially Reg. Olive and

Sandra Crockett, Ted Hellings and Marj Taggart.

It's time to tune up the banjo and guitar and resin up the bow. As a prelude to the Legion Bluegrass Festival, there will be a Bluegrass Amateur Contest at the bandshell in Head Lake Park on the Sunday afternoon, August 3. Cash prizes for first, second and third will be \$100, \$50 and \$25, respectively. As well, the winners will have a chance to appear on the Legion Bluegrass stage on the Saturday of the Festival.

Registration forms can be picked up at the Legion office, or by writing to Gerald Irish, Royal Canadian Legion Branch 129, P. O. Box 129, Haliburton, Ontario K0M 1S0.

Last Friday night over 40 Legion members attended a Legion service at the funeral home in Minden, to pay our last respects and to say a final farewell to Cecil John Madill. Cec passed away last week. His many friends will miss him. To his family go our sincere sympathies.

Mineral now on display

Have you visited our County Town Museum this month? If not, you have only a few days left to see the interesting display of beautiful rocks and minerals of this county, as well as other samples from around the world. You will also see Dr. Wilf Crowe's x-ray machine.

He came to practice in Minden after World War I. When he left to go overseas in World War II, Dr. Agnes Jamieson took

over his practice. You will see the contents of her medical bag which she carried to all corners of the county, to relieve the suffering of so many residents and brought joy to the home when she delivered a beautiful, healthy baby. There were no hospitals.

In July there will be displayed articles which were sold in the country general store. If you have any memorabilia from these stores that you would loan for this display, please

contact one of the committee.

On Saturday July 5 at 10 a.m., a bake sale and white elephant sale will be held on the cultural centre parking lot. There will be offered for sale, home baking, plants, books, clothing and novelties. If you could help with donations to this sale, it would be greatly appreciated. Remember, it is YOUR museum.

For pick up of articles, call John Hulbig.

Earwigs again pose problem this year

It's earwig time again!

Each year in late June and July, agricultural offices, garden centres and pest control offices are flooded with inquiries about the European earwig.

The little pest is about three quarters of an inch long and reddish-brown in colour. They are usually identified by a pair of curved or straight 'forceps' at the rear of the body. The adults have wings but seldom fly.

Earwigs forage at night, seeking daytime shelter in dark secluded places under stones, around foundations, or under the grass.

If present in large numbers, earwigs may damage flowers, fruits, and even vegetables. Mostly however, they are a nuisance insect, especially if they get into the house.

Chemical treatments may be applied along building foundations, under verandahs and fences, around wood piles, garages and tree trunks. This can be in the form of sprays, dust or bait pellets.

The most effective chemicals to use are Carbaryl (Sevin), Malathion or Diazinon. Use according to label directions and apply in June and early July. These chemicals are relatively safe and break down quickly so it may be necessary to repeat the treatment every seven to ten days.

Concrete tower silo maintenance

There have been over 20,000 concrete tower silos constructed in Ontario in the past 20 years. Most of these silos have been used year after year without any problems.

A lot of silos are now showing signs of deterioration. Last year 4 silos in Ontario failed shortly after filling. They varied from 5 to 19 years old. Lack of proper maintenance and poor silo drains are the major cause of silo deterioration problems.

An inside coating is applied to stave silos when new. This coating is to seal out air and also protect the concrete staves from the silage acids. If silage juices have leaked between the staves, then the inside coating needs repair. If this coating is not repaired, the silage juices will eat away at the stave edges, leaving large air spaces and loose staves. This results in spoiled silage and possible structural failure of the silo.

All silos will require recoating. Under normal conditions, I would estimate every 10 to 12 years. If your silo does not have a proper drain or wet silage was placed in it in the past, it may require re-coating more frequently. Higher than normal pressure caused by liquid buildup in the silo can force the silage juices through the coating thereby destroying it.

If you can see between your silo staves, they may be

damaged beyond the stage of just re-coating. Special fillers or replacement of some staves may be required. Any replacement of staves should only be attempted by people familiar with the process. Contact the company who built the silo for information on replacing the staves.

Cast-in-place silos should be checked for vertical cracks that may indicate oversteering of the steel reinforcement. Also if the inside surface shows signs of acid attack, it should have an inside coating applied.

Check the doors for signs of decay, especially if the ladder is part of the door.

Silo chutes, outside ladders and roof also should be checked and kept in good repair.

Silos have failed in the past and more will fail in the future if not properly maintained. Serious injury can also occur if silo equipment is allowed to deteriorate.

There are research projects underway, evaluating different products for recoating and repairing silos. This repair process is not cheap.

A new concrete liner for the bottom half of a 20 x 70 stave silo may cost \$2,000 - \$4,000 depending on the severity of silo deterioration

and type of liner used. Replacement of the silo at \$25,000 plus and the cost of the damage or injury that can be caused if it fails, is much greater.

Teachers John McLennan and Bill Gliddon joined Howard Higgins, Gareth Kellett, Doug Devolin and Stuart Baker in Haliburton County's exclusive 25 year club. From left to right are: Mr. Higgins, Mr. Kellett, Mr. McLennan, Mr. Devolin, Mr. Gliddon and Mr. Baker.

Minden merchant Stuart Brandon, tosses a net full of rainbow trout into the Gull River near Minden. The stocking is part of an ongoing program sponsored by the Minden Business Improvement Area and the municipal council. For the past three years, close to \$1000 per year has been spent on the stocking project. The program is designed to enhance fishing opportunities in the Gull River between the village and the hydro dam. Assisting Mr. Brandon are Murray Beetlestone and municipal services co-ordinator, Brian Sisson.

Did you know?

R.R.A.P. is a loan program offered by the Canada Mortgage and Housing Corporation. It is designed to help low-income homeowners upgrade their accommodation where major repairs or basic facilities are lacking. These concerns may be in the areas of structural, electrical, plumbing, heating or fire safety. Overcrowding may be another consideration.

The loan is based on current interest rates and may be repaid over a period up to 20 years. Based on the amount loaned a promissory note or mortgage may be the security. Depending on the household income, a portion of the loan may be considered forgivable. This portion is earned by continued ownership and occupancy of the house for at least five years. No work can be carried out prior to loan approval.

At present guidelines and budgets are available for homeowners. In the near future Rental R.R.A.P. and Disabled R.R.A.P. will be announced.

The delivery agents vary throughout the County. Dysart et al residents should contact the Haliburton County Information Centre 457-2733. Anson, Hindon and Minden residents make enquiries to Beverley Millar at 286-1260. Lutterworth residents deal with Mrs. Jeanne Simpson at 286-1541. the C.M.H.C. is working to have the township as a delivery agent. Monmouth residents can contact the Municipal clerk or the Peterborough C.M.H.C. office. People in all other townships should make their enquiries directly to Lorraine Cuffe at the Peterborough C.M.H.C. Regional office at 1-800-461-7698.

CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON AND MINDEN

NOTICE

IN THE MATTER OF the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowners part of the original shore road allowance in front of Lot 30, Concession 7, in the Township of Anson, along the shore of Big Trout Lake, and part of Lot 30, Concession 7, in the Township of Anson, designated as road allowance on Crown Land Survey attached to Instrument Number 1317.

NOTICE is hereby given pursuant to Section 301 (1) (a) of the Municipal Act, R.S.O. 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden proposes to consider and, if deemed advisable, to pass at its regular meeting to be held in the Municipal Council Chambers on Milne Street, Minden, Ontario, on Thursday, July 8th, 1986, at the hour of 10:00 a.m., a By-law to stop up, close and convey those parcels of land more particularly described as follows: -

Part of Lot 30, Concession 7, designated as Road Allowance on Crown Land Survey attached to Instrument Number 1317, and part of the original shore road allowance in front of Lot 30, Concession 7, along the shore of Big Trout Lake, in the Township of Anson, in the County of Haliburton, designated as Parts 1, 2, 3, 4 and 5 on a Plan of Survey by Bishop & Wilson Ltd., O.L.S., dated December 29, 1985.

AND FURTHER TAKE NOTICE that before passing the said By-law at the meeting to be held at the time and place above-mentioned, the Council shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Minden this 11th day of June, 1986.

(Ms.) B.A. Millar, A.M.C.T. (A),
Clerk-Treasurer,
P.O. Box 98,
Minden, Ontario. K0M 2K0
(705) 286-1260

The Grove family continue their winning ways on various race tracks in Ontario. Geoff won the first race June 14 at the Barrie Speedway driving his 1981 Camaro Stock Car. He went on to finish second in the feature event of the evening. Ted Groves, driving go-karts, won his division at the Goodwood racetrack the following day. In five years of racing, it's the first time the two brothers have won on the same weekend. The Grove family operates Pole Position Kartways south of Minden.

New principal for college

On Thursday, June 12, Sir Sandford Fleming College president Charles E. Pascal announced the appointment of Dr. Douglas Auld as principal of Frost Campus and as executive dean of the School of Natural Resources in Lindsay, with responsibilities for Haliburton Campus and the Haliburton School of Fine Arts.

In his remarks to an assembly of all members of the campus, Pascal said: "It

is exceedingly fortunate for Sir Sandford Fleming to have an individual of the calibre and reputation of Douglas Auld joining the college."

Dr. Auld is currently the chair of the Department of Economics at the University of Guelph. His appointment at SSFC takes effect on September 1, 1986.

He has broad experience in all aspects of post-secondary education

including providing leadership in teaching and learning issues at the University of Guelph and has been the University's faculty representative to the Council of Ontario Universities since 1980.

Auld is a nationally recognized economist with well-known expertise in environmental resource economics and public policy. Auld was a member of the Ontario Economic Council from

1983 until the council ceased to exist in 1985.

The College's Frost Campus, with headquarters in Lindsay, includes the School of Natural Resources which provides secondary school graduates and professionals with a wide range of programs in natural resources and related fields. The Frost Campus also offers skills development and job training programs for disadvantaged youths and for special interest groups such as native people. Through its Continuing Education programs, the campus offers credit and non-credit programs for adults.

Volunteer attends conference

Victoria Agnew has returned from a weekend workshop at Geneva Park, Lake Couchiching. "The weekend program was designed to enhance our skills in group leadership, with plenty of "hands on" activity," she says.

In addition to the seminars and exposure to group leadership, the delegates came home with a practical exposure manual on group leadership that grew out of the delegates' experience during the weekend.

The conference, which was held at the YMCA Geneva Park Conference Centre, was organized and co-ordinated by ICA Canada.

A total of 80 delegates from more than 50 communities in all parts of Ontario attended the conference that began on Friday, May 23 and ended on Sunday afternoon.

"I enjoyed the opportunity to meet, and exchange experiences with, people from other communities, both urban and rural, across Ontario," says Victoria Agnew.

Vicci says that the emphasis of the weekend program was on practical

group facilitation skills, with each delegate receiving, "up front", experience.

She was pleased to speak

with other communities who are trying to create a Home Support Services - similar to ours.

NOTICE MINDEN SWIM PROGRAM

REGISTRATION for swimming classes will be held at the Municipal Offices on Saturday, July 5th, 1986, between 11:00 a.m. and 2:00 p.m.

kid's korner

by Jean Lacey

Hi Kids!!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: What are two things you can't eat for breakfast?

A: Lunch and dinner.

Q: In which month do you eat the least?

A: In February - it has only 28 days.

Q: Which has more legs, a cat or no cat?

A: No cat. A cat has four legs, but no cat has eight legs.

Q: What would you get if you crossed a cat with a canary?

A cat that's not hungry any more.

Q: What is the best way to stop a dog from smelling?

A: Hold its nose.

Minden Women's Institute

The June 18th meeting of Minden Women's Institute took the form of a Pot Luck Luncheon at noon hour at the home of the Jim Grants on Gull River.

Special guests were made welcome and all enjoyed the delicious buffet, some eating outside and others inside. After the meal was over the regular business went on, all seated on the lawn on a beautiful June day.

We thanked Mrs. Lacey for arranging the new Programmes. 13 cards were sent since last meeting and Pennies for Friendship and Card Fund were taken.

There were 16 members present and 3 guests.

We are having an entry for the group Display at our

County Fair.

there was a contest with words GREAT JUNE DAY and after some time the winner was Mrs. Ern Hewitt. It was decided to take a special collection of \$5 from members at the September meeting instead of having a Bake Sale.

Mrs. C. W. Adams, our District President, and Mrs. A. Griffin, District Secretary-Treasurer were present. Mrs. Adams then gave us an informal talk including her trip to A.C.W.W. at Killarney and

also dates in the District and that this is the Year of Peace. We certainly enjoyed her talk. Thanks to Mrs. Grant for entertaining us, a pleasant time.

Secret Pals were revealed in the Roll Call and new ones were taken by some of the members. If any member wishes a Secret Pal, call Mrs. Moore right away.

The next meeting will be September 17 at the Library Cultural Centre at 2 p.m. with all ladies welcome. The meeting then adjourned.

Jeanne Sears, P.R.O.

HELP WANTED

OPEN SEVEN DAYS A WEEK

Keep up with
The Times

Anniversary celebrations

A celebration was held in the United Church basement Saturday afternoon marking the fortieth wedding anniversary of Florence and Philip Robinson of Minden.

On Saturday Henry and Dorothy Wehert celebrated their 50th wedding anniversary. Friends and relatives gathered at their home on South Water Street to mark the special occasion.

senior league

by Pearl Lyle

by Pearl Lyle

Back once more; Edna still not able to do the Senior League. I am sorry to say she is not very well.

The Service Sunday evening was taken by Mr. and Mrs. Thompson, assisted by Murray Sisson. Tuesday morning service was conducted by Mr. Westhaver of the United Church, Minden. He informed us this would be his last service at Hyland Crest. He is retiring. We are sorry to hear this.

Monday night we had movies entitled "The Flower Show" and "Island of the Long Summer."

Wednesday the children from the Public School

came and we had a spelling bee. It was a lot of fun. The seniors won by one point. The winners were in order of merit Lola Prentice, Mrs. Stutt, and Mrs. Oliver.

Tuesday night Murray and Shirley Davis came and played and sang for us. We sure like that.

One of our residents Tessa Davis aged 94 visited with her sister Alice aged 97 in Lindsay.

Thursday afternoon's tea party was brought in by the Auxiliary. It was lovely. Afterward we were entertained by Doris and Ham Brown of Lutterworth Pines. Ham was in full dress kilts and sang old Scottish songs and Doris gave us

what we used to call a monologue with plenty of action. It sure went well with the crowd. There were stories afterward. Doris and Ham do come again.

The draw was made for the ceramics. Mrs. Barnum got one and Mrs. Boskett got the other. Congratulations ladies!

The Happy Wanderers Choir came from Coboconk and vicinity. Mr. Merritt was the conductor. They sang our old time favourites. My Wild Irish Rose was

mine. They finished with the residents joining in with Praise the Lord and I want You to be Happy. The Auxiliary girls had tea and biscuits ready and a social time was had by all.

Mrs. Eastman had her son, his wife and two children visit with her this week.

We sure want to welcome Gladys Bowman back to Hyland Crest with her ever ready smile.

I believe that is all for this week. Au Revoir.

MIX & MATCH A RAINBOW OF REGULAR & DIET FLAVOURS

around the county town

by Jeanne Sears. Call 286-1538

A very disastrous storm sped through the Brady Lake, Boshkung and Maple Lake areas last Monday afternoon. I was marooned down town at that time. Then Sunday evening about six another thunderstorm went by Maple Lake, this time with rain and hail stones. The news of last week was noted in the Vancouver Sun newspaper.

An autographed book by Robert Bateman has been donated to the Minden Public Library by Verne Graham in memory of his parents Nellie and Jim Graham.

Several ladies at Hyland Crest have birthdays this Friday, June 27 and you might like to let them know you are thinking of them in the persons of Ada Lewis and Sabina McGuire.

Mr. and Mrs. Norm Lee had her mother from Peterborough visiting them last week.

There was a goodly crowd at Rotary Bingo last Tuesday with some winners being Nevada Hat - Mrs. W. Dawson who is 85 years young, and "Winners Take All" split to Bea James and Eleanor Arbuthnot and "Losers Game" Kathy Thorn and final game of \$54 to Carol Steele. This is a weekly event so hope the crowds keep coming.

Winners at last Thursday afternoon euchre games at the Parish Hall were - lone hands Hilda Harrison, and others Win Dawson, Flora Craig, Ada Stevens (man's) and May Spence (man's).

The Social Group from Staunworth Court had a very successful Bake and Craft Day last Saturday and are still selling tickets on the quilt they made.

Mr. and Mrs. S. Blears had her mother Mrs. W. Dawson of Toronto visiting with them last week.

Sincere sympathy goes to the families and friends of these people, Harry Voiccy, Cecil Madill and Mrs. E. Knight, whose funerals were since last week.

There was a dart tournament at South Lake Trailer Park on Saturday with top single of 97 going to Jim D'Anglis, team winners were Joe Crego, Karen Leaman and Mary Miller and consolation Jason Thompson, Kathy Liscomb, and Carol Leaman. There was also a pleasant hayride on Sunday for the youngsters.

Congratulations to Lil and Vic Martin who cele-

brate their 50th Wedding Anniversary on June 24th.

There was a pretty setting at Minden United Church Hall on Saturday, June 21st for the 40th Wedding Anniversary of Florence and Phil Robinson. With a table centred by an Anniversary Cake with flowers and a card tree and candles. The guests came to bring good wishes. Out-of-town guests were Bryon and Marie Rogers of Lindsay, Mr. and Mrs. Bill Rogers of Pontypool, Mr. and Mrs. Leslie Robinson of Lindsay, Doris Negus and Debbie of Lindsay, Bradley Robinson of Toronto, Grace and Ern Voycey of Gamebridge, Eileen Cockburn and Dorothy McQuage, Mark and Michelle Cockburn all of Woodville, and Mrs. Alec Bowen of Little Britain. There was a lovely lunch and cup of tea or coffee and all signed the Guest Book. The family took them out to a delicious supper at the Red Umbrella that night.

There was a Farewell Pot Luck Supper at the United Church Hall last Sunday for the Maple Lake, Carnarvon and Minden Charges. Presentation of a monetary gift was made by Betty Herlihey and this was prior to the Rev. Clyde Westhaver's retirement and moving to London, Ontario.

The P.O.W.'s from the Toronto area who have got together and formed their own Organization, and which has been going on for a number of years held their annual "Get Together" Sunday, June 22nd. This year it was at the home of Margaret and Wally Hewett, living on 11th Concession south of Kilmount. They are good friends and meet at other functions also. Donald Holden from Legion 441, and Ellen were invited guests to this, and several other invited guests could not attend. We had an enjoyable day as all were so friendly. Margaret put on a delicious meal of salads and pies and Wally was chef on the barbeque with most delicious steaks. Thanks Marg and Wally, it was great.

The Women's Institute Charter Bus to Cullen Gardens and Black Creek Pioneer Village will leave the Municipal Yard at 8 on July 22nd. For your seat contact Annie Kernohan at 286-1648.

There were Book Exchanges at the West Branch of County Public Libraries and there will be movies for children Thursday evening at 7:15 p.m.

starting July 3 at Minden. Rolling Readers also begins on July 2nd, also at Minden and party for this will be August 6 for those readers who read 15 books.

Coming events are - Paintings by Chas. O'Neil and Gary Chapman at Agnes Jamieson Gallery from June 28; Strawberry Supper at Ingoldsby United Church June 28, also a Bazaar and Bake Sale; Flea Market at Haliburton Legion June 28; Rails' End Haliburton has Faculty Show and Art Auction, call 457-2330.

Visiting with Jack and Win Taylor of Barrie on the weekend were his sister Norma Davies and Joan Hatkoski, they had a good time and enjoyed an evening at Barrie Raceway.

The Stanhope Flea Market will be held at the Fire Hall on June 29. Call 489-3277.

Strawberry Tea and Bake Sale at Hyland Crest July 2nd from 2 - 4, also white elephant table and craft table.

There will be Canada Day celebrations at the Minden Fair Grounds July 1st. Call 286-3360 and also at West Guilford, call 286-1760.

Club 35 card party Monday evening saw the following winners: Door

prize - Ken Campbell, most lone hands - Hal Burton, high lady - Marg Denham, high man - Charlie Denham, and others - Norma Hodgson, Ken Wallace, and Edith Russell.

Vera Bagshaw is home after surgery at St. Joseph's hospital in Peterborough following a bad fall. All her friends wish her well.

Yvonne Guida travelled to Toronto for a fun filled weekend last Saturday and it was great. First there was the Preview Matinee at the Royal Alexander Theatre of the Canadian Opera Company's production of Kismet (based on music themes of Alexander Borodin). The production was fantastic, the costumes, sets, (which she saw being constructed at the New Opera Centre on a previous trip) and the cast was superb, both the dancers and singers.

After the performance, she found the cast friendly and warm to her. Then in the evening, it was evening dress at the O'Keefe Centre for the Canadian Opera Company's performance of La Traviata, based on Alexander Dumas' tragic tale, La Dame Aux Camelias, written by Giuseppe Verdi. The sets and costumes were gorgeous and the audience thundered their applause of approval.

Yvonne took a portrait she had done of Lotfi Mansouri, General Director, for him. She visited backstage at the end of the evening and

the cast treated her like one of their family. Nelly Miricioiu was the sopranò, Patrick Power, Alfredo and Allan Monk Germont. There is an interesting anecdote to Kismet., Mr. Mansouri says he has always believed in Kismet (fate) for when he was born they thought the infant was dead and threw him into a bucket of ice water. An astute nurse perceived him to be still alive and rescued him, so he has believed in fate ever since. Princess Anne has been

staying at the Royal York Hotel for a few days. Yvonne went to brunch there on Sunday and coming out of the entrance was right in front of the crowd waiting to see her Highness and when she came out with her entourage, Yvonne was standing less than ten feet from the Princess, so she had a grand stand view of the royal lady.

A nice breezy Monday, hope it doesn't develop like last week. Keep smiling.

Recent slides of Ecuador following Evening Service.

— EVERYONE WELCOME —

Associated Gospel Churches of Canada.

by Shirley Hodgson

To begin with I would like to quote from the "Dream of Excellence" by Nila Reynolds. The group which was originally responsible for the formation of the Haliburton School of Fine Arts in 1967 had as their goal "To form a non-profit community organization which would become Eastern Canada's equivalent of the Banff School of Fine Arts. It's programme would provide an on going opportunities for a learning experience inspired by the natural beauty of Haliburton's lakes and hills."

Could anyone realize the small beginnings of this original idea could ignite such stimulation so that their goal would become a reality?

Do you know this summer, courses at the school are now almost filled to capacity - with an enrolment of approximately 880 students? Can anyone possibly ignore the impact this school has had over the years on the economy of Haliburton County as a whole?

Show opening

The Faculty Show opens at the Gallery on Saturday, June 28 and continues until July 29. The Official Opening will be held on July 1 at 7:30 p.m. in the main Gallery. This will feature Wine and Cheese and the price is \$3.00. In the waiting room there will be the works of art for the Silent Auction - which will be another fund raiser for the Guild.

Helpers

Every two months volunteers help to compile the newsletter, place overdue reminders, affix address labels etc. for the Guild. Thank you to Audrey Deremo and Isobella Thomas for helping this month.

Boutique

Be sure to visit the Gallery to see the "Boutique" with its locally hand crafted items done by the following artists: Pottery - Doreen Elstone, Barb Peel and Ricki Woods; Weaving - Lucy Slyherman and Sharon Lawrence; Books - Ron Lawrence and Leo Dobrensky; Silk scarves etc. - Helen Newton, Doreen Churko and Pat Bain; Batiks - Mary Wallace, plus many other items made by artists and craftsmen who have exhibited with the Gallery in the past.

Threads

Please note that Ted Carson has a wonderful collection of threads (Ted's Threads) - have arrived at the Gallery and are waiting for the weavers and knitters to use in their various projects.

Since our column last week we are pleased to report that two new awards have been donated for the Exhibitors in the Summer Exhibition and Sale of Fine Arts. An anonymous donor has made possible a \$200.00 award for "the best in the show", it may be the judges decision to give two \$100.00

prizes. The award has been given to honour Thilde Nevitt who was instrumental in starting this annual event and has convened the show for many years. For a long time now she has been a summer resident on Bob Lake near Minden while her year round home is in Hamilton. The "Thilde Nevitt award" will be given every year for 5 years.

The Eagle Lake Women are giving a one-week course

at the Haliburton School of Fine Arts in a new category - "the most promising artist who has been working at his/her craft for two years or less." This award will hopefully encourage beginners in arts and crafts.

These awards will be presented on Friday, July 4 at 7:30 p.m., along with a critique.

Another reminder that the Summer Exhibition and Sale opens July 3rd at 7:30 p.m. with entertainment provided by the Guild Choir.

Fashion show

On Saturday, July 5th at 2:30 p.m. at the Summer Exhibition and Sale there will be a Mini Fashion Show. This has been arranged by Jean Farrell and her helpers. The show will consist of numerous handwoven and hand knitted garments, which, as you know, look far better on a model than on a hanger.

Also on July 7 the Weavers and Spinners will be meeting at the home of Jean Farrell at 7:30 p.m. The guest speaker will be Jean's

friend Maureen Preen - from Welsh Pool, County Powys, Wales. This should be interesting as she has travelled to numerous places around the world - teaching spinning to many different people.

Finally, the next writers meeting will be held on Monday, July 7 at 10:00 a.m. at the home of Jean and David Frazer in Gooderham. Anyone interested phone Ginny Muenzel at 754-2181. Please bring your lunch and recent writings.

CARD OF THANKS

We would like to thank all our family, relatives and friends for the lovely party and celebration of our 50th Wedding Anniversary. Special thanks to all who came and for all the gifts.

Frank & Mae Davis

To the family it may concern: I wish to thank you for coming to my assistance on Monday, June 16 on Hwy. 35 near Carnarvon.

Simone Harrison

We would like to thank all our friends and relatives for helping to make our 40th anniversary party so enjoyable. Thanks to all who brought gifts and money and a special thanks to our daughter Janice and son Bradley and their helpers who worked so hard. May God bless you all.

Florence and Phil Robinson

We would like to express our sincere thanks to our family and friends for making our 50th anniversary such a happy and enjoyable occasion. Special thanks to the Minden AC Women for a delightful lunch. Many thanks too for all the lovely cards and gifts of flowers, etc., also to Mr. Stan Hill for taking the pictures.

Dorothy & Henry

The Haliburton County Fair thanks everyone who worked so hard to make the beef barbeque a success. Special thanks to all the ladies who donated desserts.

The family of the late Yvonne (Austin) Pritchard, sincerely thank relatives and friends, for the many acts of kindness, flowers, memoriam donations, food, cards and for just being there at this sad time. We would especially like to thank the ambulance drivers, John Hewson, Rob Smith, Dr. Heyes, Dr. Stokes and nurses, who worked so valiantly, trying to save this precious life. Many thanks to Gordon Monk and employees for their kindness. This was not an easy task, to lead a cortege into a tornado. To Yvonne's many friends, old and new, we thank you, especially her school chums, who have been so dear to her and contributed much happiness and so many memories. Rev. John Phillips and Florjean, our sincere thanks, God surely did know what He was doing when He chose you for His work, your kindness went far beyond the call of duty. God bless you all.

**We Appreciate Your
DRIVING CAREFULLY
SCHOOL'S OUT!**

CARD OF THANKS

Our deepest thanks. We wish to express our thanks and blessings to all the people who helped us in our hours of need, and easing our loss of our dear wife and mother. Our thanks to Drs. Lodenquai and Holliday-Rhodes, the nursing staff of the Minden hospital, Paul Heffer our druggist, V.O.N. nurses for their daily visits, Gordon Monk, also everyone for their kindness and sympathy.

Jim Magill and family

AT REST

**KNIGHT
Ellen Watt**

- at Hyland Crest Senior Citizens Home, Minden on Friday, June 20, 1986 in her 102nd year, beloved wife of the late Edison Knight, dear mother of Annetta (Mrs. W. Jackson) of Kemptville and Ernice (Mrs. A. Warder) of Lochlin, loving grandmother of Betty Ann Clost, Edward Jackson, Joseph Warder, Jean Neville and Henry Warder, also survived by 7 great grandchildren, fondly remembered by her neices and nephews. Resting at the Gordon A. Monk Funeral Home, Minden from 2 - 4 and 7 - 9:30 p.m. Sunday for Funeral Service in the chapel on Monday, June 23 at 1:00 p.m. Interment Park Lawn Cemetery, Sudbury. Memorial donations to Ingoldsby or Lochlin United Church would be appreciated.

IN MEMORIAM

GARTSHORE: In loving memory of a dear husband, father and grandfather, Loran, who passed away June 24, 1983.

There is a home not made by hands
Beyond its golden door
Awaits the one who's now away
Not lost, just gone before.
And in that home not made by hands
The Master will prepare
A place for us and when He calls
We'll meet our loved ones there.

Sadly missed and remembered by Mildred, Vern and Marlin, Craig, Margaret and Jason, Gary, Pat, Chris, Gary Jr. and Sean.

**ONE OUT OF 10
CANADIANS

JOB TO THE
FORESTS**

IN MEMORIAM

HARRISON: In loving memory of a dear father who passed away June 17, 1980 and of a dear brother Grant who passed away on June 10, 1980.

Memories are like a thread of gold
They never tarnish or grow old.
As you were you will always be
Cherished forever in my memory.

Lovingly remembered and sadly missed by son and brother Harold.

PROCENKO: In loving memory of our dear friend and neighbour Michael, taken from us June 23, 1978.

The Beers Family

IN MEMORIAM

PROCENKO: In loving memory of our dear son and brother, Michael, taken from us June 23, 1978.

No one knows how much we miss you
No one knows the bitter pain
We have suffered since we lost you
Life has never been the same.
In our hearts your memory lingers
Sweetly tender, fond and true
There is not a day dear Michael
That we do not think of you.

Sadly missed and lovingly remembered by Mom, Dad and Lisa.

THE HALIBURTON COUNTY DEVELOPMENT CORPORATION

Requires A

GENERAL MANAGER

We are seeking a General Manager. The individual will assess applications made to the Corporation for loans and/or equity financing and make recommendations to the Board of Directors. In addition, our Manager will work with entrepreneurs providing assistance in the areas of management methods, profit and loss statements, cash flows, marketing and feasibility studies. He/she will be responsible for the day-to-day business affairs of the Corporation.

The ideal person for this position should have a background in small business management, banking, economic development and planning. He/she should have strong organizational, communication and administrative skills.

We are offering a salary in the \$30,000 plus range.

Application deadline date: July 5, 1986.

Apply in confidence to:

**THE HALIBURTON COUNTY
DEVELOPMENT CORPORATION**
Box 610, Haliburton, Ontario K0M 1S0
Phone (705) 457-1316
